### **DETAILED ACTION**

1. Claims 1-10, 12-27, and 29-33 Pending.

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kent Lembke on 9/16/2010.

The Claims filed 3/15/2010 have been amended as follows:

- a) In Line 15 of Claim 1 after "promotion policy" insert --, wherein the determination includes at least evaluating the characteristics of each of the objects of the set of objects to determine a likelihood that each object will become garbage within a predetermined number of garbage collection cycles, and wherein the objects to which the second promotion policy is applied are not evaluated in accordance with the first promotion policy--
- b) In Line 1 of Claim 2 after "recited in claim" delete '2' and insert --1--
- c) In Line 13 of Claim 15, after "promotion policy," insert --wherein the determination to allocate the objects in accordance with the second promotion policy includes at least evaluating the characteristics of each of the objects of the set of objects to determine a likelihood that each object will become garbage within a predetermined number of garbage collection cycles, and wherein the objects to which the second promotion policy is applied are not evaluated in accordance with the first promotion policy, and--
- d) In Line 11 of Claim 29, after "memory portion," insert --wherein the determination to allocate the objects in accordance with the second promotion policy includes at least

e) In Line 10 of Claim 32, after "policy" insert --, wherein the determination to allocate the objects in accordance with the second promotion policy includes at least evaluating the characteristics of each of the objects of the set of objects to determine a likelihood that each object will become garbage within a predetermined number of garbage collection cycles, and wherein the objects to which the second promotion policy is applied are not evaluated in accordance with the first promotion policy--

### ***Response to Arguments***

3. Applicant's arguments, see Pre-Appeal Conference Request, filed 9/7/2010, with respect to Claims 1-10, 12-27, and 29-33, and taken in view of the telephone interview held 9/16/2010 in which amendments to the claims were discussed, have been fully considered and are persuasive. The rejection of Claims 1-33 has been withdrawn.

### ***Allowable Subject Matter***

4. Claims 1-10, 12-27, and 29-33 allowed.

5. The following is an examiner's statement of reasons for allowance:

The prior art of record neither teaches nor suggest the use of two separate promotion policies for determining the tenure of objects in a generation garbage collection scheme, wherein the decision to apply one promotion policy over the other for each object is dictated by a determination of the likelihood that the object will become garbage within a predetermined number of garbage collection cycles.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2165

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
